

WHY HAIR FALLS OUT

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of Danderine. A. any drug store for a few cents, pour a little in your hand and rub well into the scalp. After several applications all dandruff disappears and the hair stops coming out.—(Adv.)

LOOK AT CHILD'S TONGUE, IF SICK, CROSS, FEVERISH

Hurry, Mother! Remove poisons from little stomach, liver, bowels.

Give "California Syrup of Figs" at once if bilious or constipated.

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once. When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. You needn't coax sick children to take this harmless "fruit laxative"; they love its delicious taste, and it always makes them feel splendid. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other with contempt.—(Adv.)

Why Putter With Corns? "Use Gets-It"

Common-Sense, Simple, Never Fails.

You can tear out your corns and suffer, or you can peel off your corns and smile. The joy-peeling way is the "Gets-It" way. It is the only happy, painless way in the world. Two drops

"Get the Drop" on That Corn—Use "Gets-It" and the Corn Is a "Goner!"

of "Gets-It" on any corn or callous dries at once. The corn finally loosens off from the toe, so that you can peel it off with your fingers in one piece, painlessly, like peeling a banana. "Great stuff, wish I'd done that before." There's only one corn peeler—"Gets-It." Toes wrapped up big with tape and bandages, toes squirming from irritating salves, it's all a barbarity. Toes wounded by razors and knives, that's butchery, ridiculous, unnecessary, dangerous. Use "Gets-It," the liberty way—simple, painless, always sure. Take no chances. Get "Gets-It." Don't be misled by imitations. See that you get "Gets-It." "Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. Manufactured by E. Lawrence & Co., Chicago, Ill. Sold in Chattanooga and recommended as the world's best corn remedy by R. J. Miller.—(Adv.)

SCENES OF STARVATION AND DESTRUCTION MANY

ROADS IN ITALY FILLED WITH HORRORS.

Napoleon's Retreat From Russia Exceeded in Collapse of Austria's Army.

With the Italian Army at Trent, Wednesday, Nov. 6.—(A. P.)—Amid the rejoicings of this redeemed city, scenes of destruction and starvation are common as one passes over the roads over which the Italian troops are trying to pass the thousands of Austrian prisoners who were cut off by the Italians southwest of Bolzano. Every road leading up to this city is crowded with men, and on every hand there are evidences of the collapse of one of Europe's mightiest armies. The horrors of Napoleon's retreat from Russia, it is said by military observers, were trifling compared with the sufferings of the Austrian troops in this region. Great masses of men wait long hours to move a few feet or a few hundred yards to halt anew on a road littered with the carcasses of horses and with cannon, pieces of shields, pistols, rifles, broken-down automobile trucks and machine guns.

Die of Sheer Fatigue. Many Austrians are dying from sheer fatigue and starvation, and not wounds. The Italians are doing all they can to hurry up food supplies. This is difficult, and in the meantime the dead horses are eaten. Large bodies of Austrians are helpless. The correspondent passed between Rovereto and Trent, a distance of sixteen miles, an unending column of men waiting, none knew whether they asked orders from an officer who was with the correspondent. When asked if they knew about the armistice, they said: "We want food. Food is the only thing we are interested in. We are indifferent to war and peace and death—everything but food."

It is estimated that nine Austrian divisions were taken with their staffs. Thirty-nine divisions were partly disorganized, and fifteen divisions, although in bad condition, are retreating from the advancing Italians. These troops, while equipped for their retreat, are without orders and are traveling here and there like droves of sheep. It is a common thing to see an entire brigade without officers, the latter having been ordered to go separately to the concentration camps.

Not a House Standing. Returning to the lower levels of the mountains by way of the Asiago plateau, the correspondent saw further evidence of the devastation of war. There is not a house left standing in the town of Asiago. There also is much suffering among the people throughout the mountains, who are foodless and have been robbed of their possessions. By a miracle, the rigorous Alpine winter has not yet set in, and these people say: "These ravages are necessary. They remain glorious memories of our salvation." The problem of feeding the multitude of prisoners is grave, but the Italians are making a superhuman effort. They also are treating the prisoners as well as possible. It is common to see hardy Italian troops generously loaning their own bread rations to the Austrians, saying laughingly, "Tomorrow is another day. We will eat them."

CLAIM SENATE

Washington, Nov. 7.—Republicans will control the senate 50 to 46, it was claimed in a statement issued from the republican national committee headquarters, following the receipt today of telegrams that they had elected members from New Mexico, Idaho and Michigan, which up to today had been listed as doubtful states.

Although press dispatches stated that Nugent, democrat, had been elected on the face of the returns from Idaho, the republicans based their claim of Gooding's election on a telegram received today from Chairman Hart, of the republican state committee, stating that the republican had been elected, together with the entire G. O. P. state ticket. In the event of Nugent's election, the republican control of the upper house would be 49 to 47.

The election of Senator Fall, of New Mexico, is conceded, and the republicans claim there is no doubt that Henry Ford has been defeated by the republican candidate, Commander Newberry, in Michigan.

The democrats were making no claims, but were sitting tight in the hope that the final returns would show Ford and Nugent elected, which would give them a tie, with the vice-president casting the deciding vote. They made it plain that they believed delayed returns from Idaho and Michigan would be in their favor and were waiting until these returns were available.

If the final returns from Michigan show Commander Newberry's defeat, Henry Ford, an investigation of his campaign expenditures by the state committee on privileges and elections is regarded as a certainty. More than a month ago Senator Pomerehne, democrat, chairman of the committee, presented a resolution calling for investigations to determine whether there had been violations of the corrupt practices act in "Michigan and other states."

REVOLT IN HAMBURG

Revolutionists Seize Artillery and Train It on Loyal German Troops. Copenhagen, Nov. 7.—Revolt flamed up in Hamburg today and the revolutionaries seized artillery and turned it against loyal German troops. A duel with cannon developed in the streets of the city, said a dispatch to the Politiken.

GERMANS ROUTED

Dispatch From Field States Huns Are Fleeing in Desperation. London, Nov. 7.—The German retreat on the French front, has been turned into a rout, said a press dispatch from the field this afternoon.

VIOLENT EARTHQUAKE

Seismograph Records Shock at Distance of 5,000 Miles From Georgetown. Washington, Nov. 8.—Georgetown University seismograph recorded a violent earthquake early today. It started at 11:50 last night, and continued until after 2 o'clock this morning. The maximum disturbance according to Father Tordoff, was at 12:30, and the distance was about 5,000 miles from Washington.

TO CURTAIL WAR EXPENSES

Democratic Leader Says Action Will Be Taken. Washington, Nov. 8.—Senator Martin, of Virginia, democratic leader in the senate, said yesterday that congress will call on the executive departments of the government to curtail war expenses immediately upon the signing of an armistice by Germany. He also said that the war department will be asked to stop calling men into the military service as soon as the war ends.

Senator Martin declared that appropriations for war purposes in the last two years have aggregated fifty-seven billion dollars and that he is deeply concerned over the effect the expenditures are having on the country.

CALLS IT "WILSON PEACE"

London Press in Unstinted Praise of United States President. London, Nov. 8.—Unstinted praise is accorded by the London newspapers to President Wilson's note to Germany. Emphasis is laid generally on the fact that the communication leaves the free liberty of action in connection with the question of freedom of the seas.

GEN. GROENER TO SUCCEED LUDENDORFF

GENERAL GROENER.

Announcement has been made in Berlin that Gen. Groener has succeeded Gen. Ludendorff as first quartermaster-general of the German army, according to a report from Copenhagen. Gen. Groener has served the kaiser as chief of the war bureau in charge of the munitions department, and as head of the food regulation board, respectively, since the war began.

complete unity existing among the five nations.

The Graphic declares the document is commendably concise, while the Daily Telegraph remarks that the conditions laid down give a guarantee of absolute victory.

The Daily News calls it a "Wilson peace" and says:

"The promptitude of President Wilson in transmitting to Berlin the decision of the Versailles council is equalled only by the celerity of the German government in acting on the president's intimation."

The Daily Chronicle assumes that it does not follow that when the terms are known they will be accepted instantly. The Germans it believes, are likely to make an explosive protest, followed by attempts to haggle, but it adds, their efforts will evoke no concessions.

REVOLUTION SPREADS

Red Flag Raised at Various Points and Many Garrisonians Deserted.

London, Nov. 7.—(2:15 p.m.)—(I. N. S.)—The revolutionary movement is spreading from Kiel and now covers part of Holstein.

Numerous German garrisons on the Baltic are deserted and the men are marching on Kiel.

The red flag has been hoisted at Warnemunde, Altona, and Flensburg, and at the airplane station at Apenrade.

The military governor at Kiel has agreed to release political prisoners and refrain from punishing them, and to grant freedom of ships. Officers complying with the measures of the council of workmen and soldiers are free to remain at Kiel or leave.

HID PARTS OF SHELLS

W. H. Mason Said He Acted Under Instructions of J. S. Waterman.

Knoxville, Nov. 7.—(Special.)—That J. S. Waterman had instructed him to hide parts of shells, which were being cut up into many test pieces under a planing machine and to do it before daylight, and that if they were not completely cut up, to get them out and finish them the next night, was testified by W. H. Mason, an employee in the munitions department of the Wm. J. Oliver Manufacturing company at the preliminary hearing of Mr. Oliver and ten other men here today.

Mr. Mason declared that if there were any numbers on the test pieces to indicate from what heat they were taken he had never seen them. The denial of C. D. Hughes that he had ever told Oliver that an effort was being made to "frame up" on Oliver and that he had told Oliver he would tell who was making the alleged frame-up if Oliver would pay off a mortgage on his (Hughes) home was also one of the features of today's hearing.

YANKS OVER THERE MAKE DIFFERENCE

London, Oct. 10.—(By Mail.)—Increased British manpower and the Yanks make a vast difference on the western front. "In the good old days," says a man who has been through the whole show, "it was customary for forty-seven of us to hold two miles of trenches. We drove off a party of Huns twice as big at one time, then they came forward very heavily reinforced. Report on the attack was sent to the colonel, who in turn dispatched it to headquarters. "Hold fast," came the immediate reply. "Reinforcements have left England."

NOT IN GOOD FAITH

Germany's Pledge to Spare Private Property Has Been Violated.

Washington, Nov. 7.—Germany's pledge to spare private property in withdrawing from occupied territory, as set forth in her note of Oct. 20, was not in good faith.

This charge was made this afternoon by Secretary Lansing in a note to the German government protesting against the order that men and animals be removed from Belgian coal mines in order that these mines might be destroyed. The communication was handed to Hans Suler, Swiss minister, shortly before 2 o'clock this afternoon.

FLU SPREADING OVER THE WORLD

Influenza Germ Eludes Bacteriologists.

Health Authorities Baffled by Its Spread.

Preventative Measures Surest Safeguard, Declare Medical Men.

The influenza epidemic continues unabated. Its ravages are not confined to this city or state or even to the United States, and cable reports indicate that it is rapidly spreading over the civilized world. It has baffled medical skill to an unusual extent and has claimed more victims perhaps than any other epidemic in a score of years. The germ has eluded the bacteriologists and medical men now agree that the best cure is prevention.

The surest prevention is to build up the bodily powers of resistance and to get the system in the best physical condition possible. It is now universally agreed that it is possible to perfect the powers of resistance of the human system so that it can throw off almost any infection, not excepting Spanish Influenza.

It has been discovered that persons who are weak and rundown are the earliest victims, and if you find yourself tired or weak and losing flesh, or if you are in a generally rundown condition and below your normal weight, this warning should be heeded promptly.

If you are in this condition nothing on earth will build you up and strengthen you like Tanlac, which contains the most powerful tonic properties known to science. As a reconstructive tonic and system builder it is without an equal and contains the very elements needed by the system to give you fighting strength to ward off the influenza germ. This is a statement of facts and is supported by the recognized authorities and reference works, including the United States Dispensary and the Encyclopedia Britannica and leading textbooks used in the school of medicine. This statement is further proven by the fact that millions of persons who have actually taken Tanlac have testified to its extraordinary merit as a medicine, and by the fact that Tanlac is today having the greatest sale of any tonic on the American market, over Eleven Million bottles having been sold within the past three years.

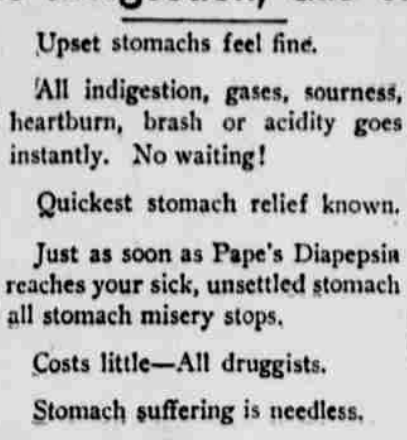

Tanlac is also the ideal strengthening tonic for persons who are suffering from the after-effects of influenza, Grippe or bronchial troubles and hundreds of thousands are using it daily with the most gratifying results.

In connection with the Tanlac treatment it is necessary to keep the bowels open by taking Tanlac Laxative Tablets, samples of which are included with every bottle of Tanlac.

Tanlac is sold in Chattanooga exclusively by the Live and Let Live Drug Co.—(Adv.)
